Welcome!

ShadyFace is the entertainment sunshade canopy everyone is talking about!

Instant, SPF 50+ shade relief for upper or full body protection. Surf the Internet, stream movies, utilize learning apps, or keep up with the world when working from home or traveling on business.

ShadyFace, Inc. International Sun Protection Brand manufactures and distributes portable technology shade protection canopies along with ShadyFace Bluetooth Speaker technology. Every speaker pairs audio to stream music, movies or surfing the Internet on I-pads and Smartphones with our patented technology holders designed to ward out the interference of the sun under every adjustable shade canopy. ShadyFace is the perfect travel companion for all ages who love to nap or relax outdoors under a cool and well ventilated canopy. Simply apply on patio furniture or when going to the beach. Instant shade for WIFI and Bluetooth connections when fishing, camping yachting or on any cruise line excursion....
