MIF NAMIC MUTUAL INSURANCE FOUNDATION

[ABOUT US] SCHOLARSHIP DONORS DONATE

ABOUT US

Our Background

The NAMIC Mutual Insurance Foundation was formally designated in March 2018 as a 501(c)(3) organization designed to help foster the continued growth of a strong and invigorated mutual property/casualty insurance industry.

The primary focus of the Foundation is to facilitate tax-advantaged donations to support the foundation's growing scholarship fund. In future years, the Foundation will have the opportunity to take on other projects and initiatives on behalf of the mutual property/casualty insurance industry, including public policy efforts, industry research, academic studies, grants, and public education. All activities will reflect NAMIC and its members' continued commitment to the future of the mutual property/casualty insurance industry.
