13mm FOCCS Ready-to-Use Ready Pack Seals (Red)

Qty. 1,000 seals/carton

West Ready Pack™ Flip-Off™ CCS (Clean, Certified, Sterilized) seals are provided ready to use (gamma sterilized) and are an ideal choice for small quantity filling and high-value drugs. The seal is assembled in an ISO 8 environment and comes with a matte finish, gamma stable polypropylene button in a red color. The aluminum shell is coated for low particle abrasion and is clear lacquered. West item number: 59221125

OVERVIEW

In a quantity of 1,000 seals per carton, Ready Pack™ components are suitable for small quantity filling of high-value drugs and meet regulatory requirements from research and development through commercial scales. Flip-Off CCS Seals are a sterile product for immediate use and meet the highest market need as well as regulatory requirements addressing drug cleanliness and safety. Delivered in a ready-to-use format, Flip-Off CCS Ready Pack seals come with a specified low bioburden level before sterilization and specified low particulate level.
