When you find yourself in the market for a new car, one of the best ways to find a bargain is to shop through local recycling facilities that sell cars. Yet not all recycling facilities are created equal, and the last thing you want is to buy a used car that will create nothing but trouble. Auto Parts City is one of the top local auto salvage yards in Northern Illinois, Southern Wisconsin and the greater Chicagoland area, and we are pleased to offer used car sales at City Auto Sales.

Your Local Source for Quality Used Cars

Auto Parts City is a Chicago area recycling facility that is dedicated to being an environmentally responsible option for those who have cars, trucks and other vehicles they no longer need. Since the 1930s, we have sought to revolutionize the salvage yard industry, offering an eco-friendly option for those looking to recycle their vehicles.

At Auto Parts City, our commitment to protecting the environment is what sets us apart. When a vehicle comes to us, we strive to recycle everything possible, from the fluids to the parts that are still functional and even the cars themselves when possible. This recycling program and our commitment to being environmentally friendly has earned us the accolade of being the "Greenest Facility in the Country". Local technicians and repair shops know that they can trust us for the quality used parts they need for their customers. We are also one of the few local auto salvage yards to offer high quality used cars for sale.

Yet recycling is just a part of what we do. We also offer our local community quality used cars for sale. When cars come to us that are still in good working order, we clean and service them, and then sell them to our neighbors, offering a great value on high quality used cars. City Auto Sales is our used car dealership, and we have a reputation for quality vehicles at affordable prices. If you are looking for local recycling facilities that sell cars, look no farther than City Auto Sales.

cars, look no further than City Auto Sales.

What Sets City Auto Sales and Auto Parts City Apart from Other Local Auto Salvage Yards

At Auto Parts City, we are focused on serving the needs of our community in an environmentally responsible way. Our recycling facilities and used car lot are clean and environmentally friendly. Our used cars are regularly rotated on our lot, which helps prevent rust and keeps the cars in good working order.

When we receive a car at one of our facilities, we take the time to thoroughly clean it, inside and out. If it is going to go to our used car lot, our team will inspect all of the components to ensure it is fully functional, so you can purchase with confidence.

So stop searching for "junk yards near me that sell cars." With Auto Parts City and our used car dealership, City Auto Sales, you can confidently shop for your next used vehicles. Stop in today to see our current inventory or to take one of our used cars for a test drive, and see the quality and value that is available from City Auto Sales.

The screenshot shows the homepage of City Auto Sales. At the top left is the logo for Auto Parts City, Inc. with the website URL www.apcity.com and social media icons for Twitter and Facebook. To the right of the logo are three columns of navigation links: 'CITY AUTO SALES' (The Used Car Dealer Division), 'HEADQUARTERS' (Headquarters & Purchasing), and 'AUTO PARTS CITY - SOUTH' (Car, Truck, Van, and SUV Parts). Each column has a 'VIEW LOCATION' button. Below this is a main menu with categories: 'About Us' (Our Story, Community Relations, Safety & Environmental Donations), 'Vehicles' (Vehicles For Sale, Specials, Get Cash for Your Vehicle, Junk My Car, Donate Your Car), 'Parts' (Part Search, Used Tires, Used Batteries, Used Radiators, Used Alternators, Used Starters, Used Engines, Used Transmissions), and 'Locations' (HQ & Purchasing, City Auto Sales, South, North, Send Feedback). On the left side, there is a 'NEWSLETTER' sign-up form with fields for 'Your Name' and 'Email', a reCAPTCHA 'I'm not a robot' checkbox, and a 'SUBSCRIBE' button. The footer contains copyright information for 2022 Auto Parts City, a disclaimer about the parts yard, and a note about a car's condition.
