No more diaper rash...keep baby's skin clear and dry with the first and only diapers with **RashShield™** protection for sensitive skin. Super absorbent, super soft, super lightweight fabrics instantly wick moisture and humidity away from skin, locking it layers down to prevent irritating rash. Naturally breathable fabrics keep baby feeling fresh and airy, day and night. High waistband with soft 8-strand stretch contours to all body types for a secure but comfy fit that moves with baby without pinching or leaving red marks.

HYPOALLERGENIC For Sensitive Skin
Medical-grade fabrics and RashShield™ protection wick urine instantly and lock humidity layers deep, guarding against diaper rash.

Diaper Fitting
