ABOUT

The IPS AP Automation Solution simplifies, digitizes and automates the receipt, matching, approval, virtual payment and touch-free posting of media invoices received in any format from suppliers.

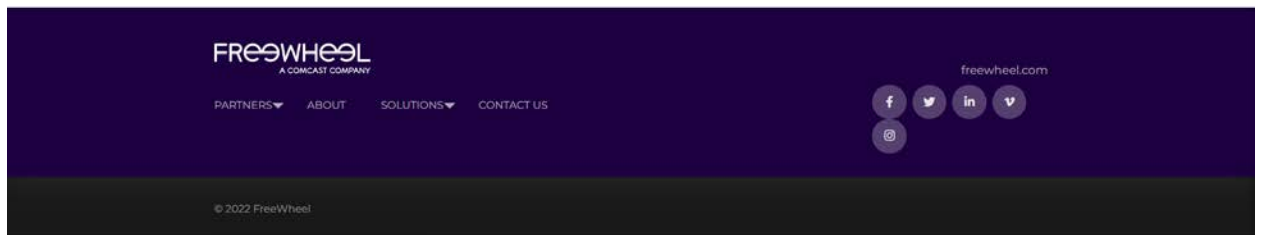

Achieve a digital invoice approval and posting process from Day 1, no matter where staff work. Automatically extract data, match invoices against orders, and upload invoices into the Strata platform. Access real-time dashboards on diversity spending and set up alerts to mitigate risks.

OUR PARTNERSHIP

FreeWheel's partnership with IPS enables more options for Strata platform users to streamline the media invoicing process, reducing time and errors, while generating revenue in the process.
