#### Ultraviolet Protection Factor (UPF)

Measures the amount of UV radiation that penetrates a fabric and reaches your skin. A fabric rated with a UPF of 50 will allow only 1/50th of the sun's UV rays to pass through. In other words, it blocks 49/50ths or 98% of the UV radiation. UPF 50+ is the highest possible rating. Samples of fabrics have been tested for UV protection by LEITAT—Textile Technology Institute in accordance with the standard AS/NXS4399:1996 "Sun protective clothing-- Evaluation and Classification."

## GLOVE FIT CHART

	GLOVE SIZING				
	UNISEX SIZE	S	M	L	XL
CIRCUMFERENCE IN INCHES	7-8	8-9	9-10	10-11	

Place a tape measure around the widest part of your palm of your dominant hand, across the knuckles. Do not include your thumb. Compare this measurement to the size chart to find your size. If you are in-between sizes, choose the size down for a snug fit.

- Pull tabs at wrist and middle finger for easy-on, easy-off, even when wet
- Three-quarter finger length offers protection while leaving fingertips free
- Advanced engineering adds a double-layer of fabric between index finger and thumb for maximum durability
- Combination silicone dot pattern and abrasion-resistant film on palm maximizes grip while minimizing wear
- Bonded stretch hem eliminates chafing
