

# About Provider Network of America

Provider Network of America (PNOA) is a nationwide, direct, contracted provider network. With a presence in all 50 states, PNOA has achieved aggressive discounts with all Provider types in an effort to service its large membership base.

PNOA Delivers Access to More Than:

**2,500+**

Hospitals Nationwide

**25,000+**

Ancillary Facilities

**525,000+**

Providers Nationwide

## Flexible and Timely Repricing

Flexible repricing solutions that streamline claims administration and payment processing through a series of automated tools, including electronic submissions.

## Medicare Driven Reimbursements

Medicare-based repricing is applied on specific procedures to allow transparency and value in how those claims are paid through our in-house and proprietary system.

## National PPO Access

Wide-ranging availability that meets any network needs. Our national network provides access to more than 2,500 hospitals, 25,000+ ancillary facilities, and over 525,000 professional providers.
