We use sustainable biodegradable, recyclable, and PCR materials whenever possible. And we're leaping bunny certified cruelty free.

### natural

We don't use any bad crap in our products. Everything is non-toxic and we never use aerosols, alcohol, parabens, phthalates, or synthetic fragrances.

### smells amazing

Our fragrance blends are complex, and refined. They smell so good they're often mistaken for perfume.

-Pourri will always stop the stench in it's tracks, leaving things smelling better than before.
