EVERYTHING YOU NEED IN ONE PLATFORM

A Fully-Integrated Suite
of Omnichannel Personalization Solutions

Request a Demo

♀ Intelligent Personalization

Create personalized shopping experiences for every customer using your store's historical shopping data.

🏷 Product Recommendations

Lift AOV with AI-powered upsells and cross-sells at key decision points—from the home page to the thank you page and beyond.

♒ Automated Retention

Save time and increase retention rates with one-click reactivate subscription emails and automated post-purchase follow-up emails.
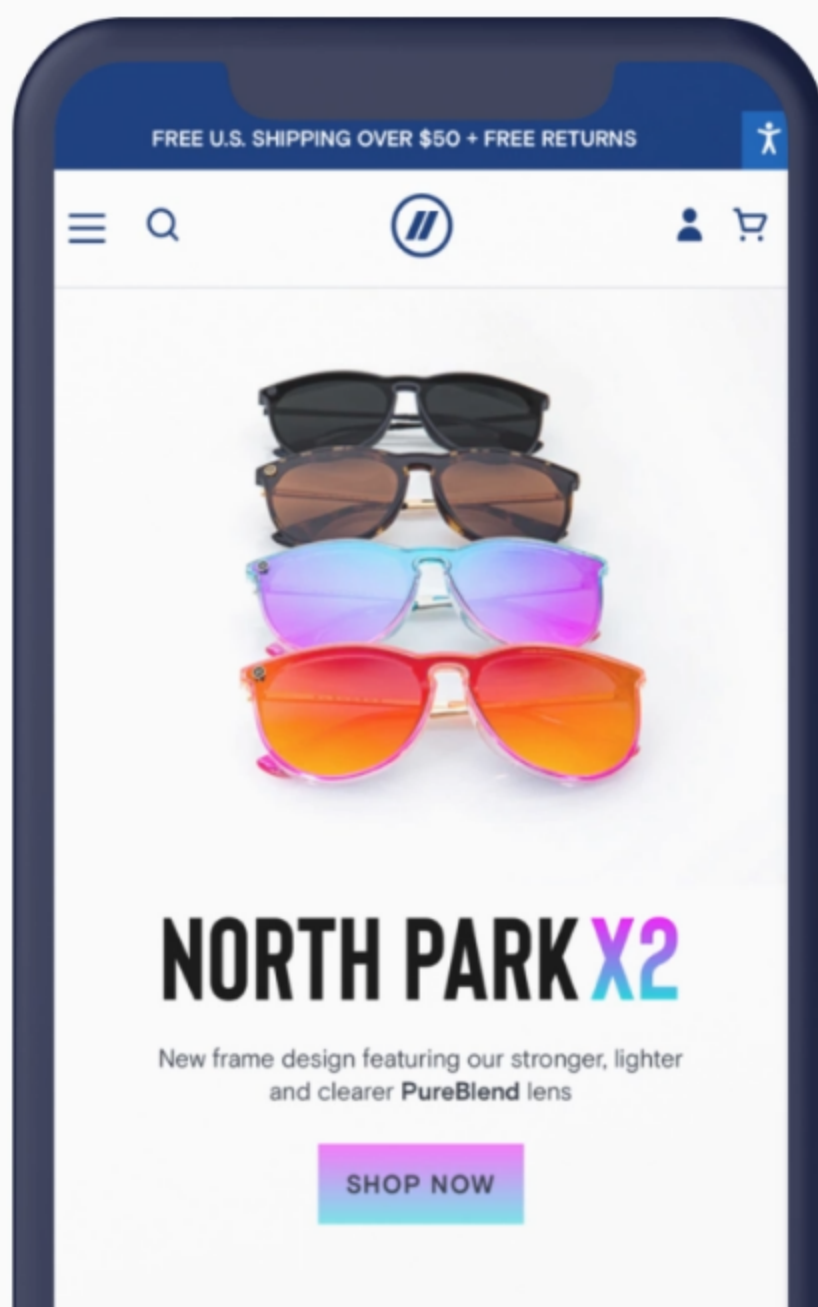

✉ Marketing Links

Increases conversions and AOV with shareable links that drive customers to pre-populated carts and checkouts with auto-applied discounts.

📄 Shopify Script Editor

Shopify Plus merchants use Rebuy's script editor to create dynamic checkout upsells that boost AOV and increase margins.

📊 Reporting & Analytics

Know exactly how Rebuy is growing your store. Easily track top-performing widgets and make adjustments when needed.
