INTELLIGENT SHOPPING EXPERIENCES

Data Is Our
Heart and Soul

Rebuy harnesses the intelligence provided by your actual customers to drive informed decisions, advanced recommendations, and predictive personalization at scale.

Data-Powered Personalization

Tailor the user experience (UX) to each visitor according to your store's historical shopping data.

Upsell & Cross-Sell

Generate relevant upsells and cross-sells based on recently viewed and purchased products, products in cart, custom properties, and more.

Designed for Your Brand

Every upsell and cross-sell on your site will look like it was designed by your own team of elite developers.

Immediate Results

Once installed, Rebuy starts working immediately. Get set up in minutes and watch your AOV soar.
