

DRAW

PROJECTS RESEARCH WRITINGS PRACTICE PEOPLE CAREERS CONTACT

DRAW is different from other architecture firms

We **think, speak,** and **design** differently –
an expression of two singular characteristics that define us:
deep listening and bold action.
We call this empathy + activism.

Empathy

Listen deeply

Activism

Challenge convention

Steward financial resources

Harness potential

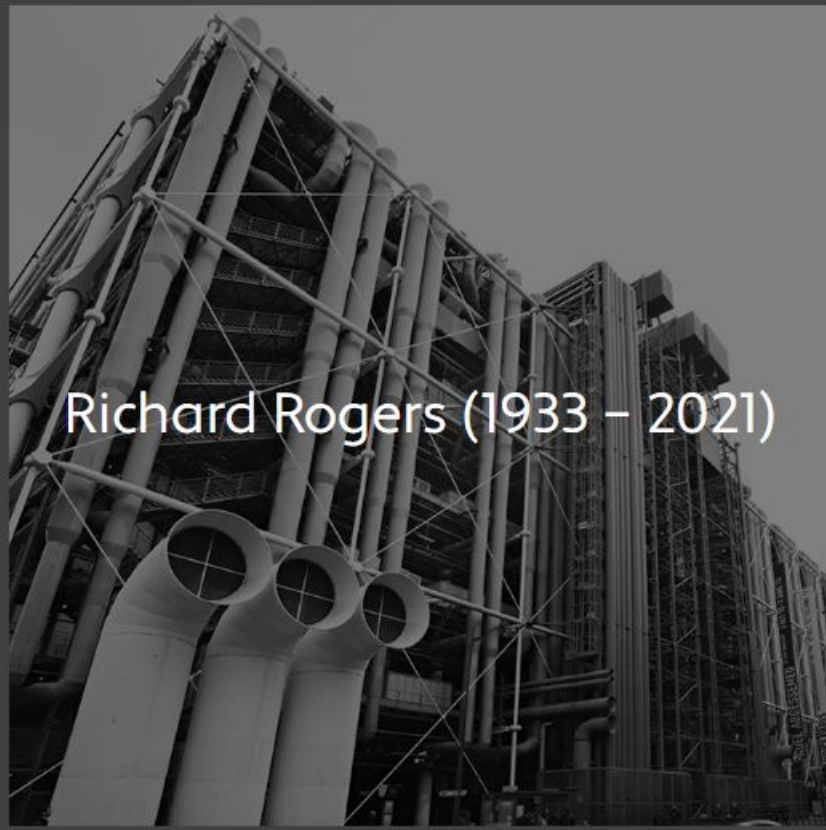

Demonstrate clarity

Create positive impact

Innovation

We developed **PlanIT Impact** with one goal in mind: to reduce carbon impact and water use by removing barriers to efficiency and sustainability in design.

Research

Community Impact

DRAW
