Most user friendly app ever
This app is so detailed yet so easy to use, never experience any bugs that last longer than a few minutes. It's insanely good.

Easy to use app and great user interface!
Using Level has made paying for my office visit extremely easy and painless. Also made it simple to find a dentist that was in network.

Sleek and easy
The app is very easy to navigate and I love the notifications you get when they are processing a claim. Big improvement from my previous carrier.
