

YachtCloser CMS

Contract Management Solution (CMS)

YachtCloser is the yacht brokerage industry's leading web-based contract management solution. YachtCloser provides a simple, seamless connection between buyers, sellers, brokers and yacht services through a sophisticated, yet easy-to-use application engine. YachtCloser provides the most accessible and robust transaction and administrative tools available - managing more than \$10 Billion in active boat and yacht contracts nationwide.

Documents

YachtCloser provides a turn-key solution for all your contract and document needs. With over 100 different forms and documents, including state registration and coast guard documentation, YachtCloser provides the perfect administrative engine for your boat and yacht sales.

YachtCloser provides freedom from:

- › Printing and faxing
- › Duplicate data entry
- › Time consuming paperwork
- › Being at the office

Experience the freedom and simplicity of being able to manage your business from anywhere with internet access.

TESTIMONIALS

“ The team at YachtCloser has always provided top notch service at affordable rates. So when they began offering web design services, I jumped! The end result was a new website that is leagues ahead ... ”

Paul White
Owner/Broker
[Sea Change Yacht Sellers, LLC](#)
