BSAFE BASIC SAFETY TRAINING

BSAFE is MASC's basic safety orientation course. This course consists of a computer-based introduction to essential safety guidelines based on OSHA standards in 16 parts.

- Introduction
- General Work Safety
- Personal Protective Equipment
- Hazard Communication
- Process Safety Management
- Hand Tools
- Permit Work
- Lockout Tagout
- Electrical for Non-Qualified Workers
- Industrial Hygiene
- Material Handling
- Fire Protection and Prevention
- Excavation and Trenching
- Fall Prevention and Protection
- Job Safety Analysis
- Emergency Action Plan

BSAFE was researched, scripted, and developed by MASC staff with input from safety professionals. The full course takes approximately 2.5 hours to complete, and a follow-up quiz gauges knowledge of the covered material.

BSAFE is available in MASC training center labs or via MASC's online training site, masctraining.org.

BSAFE is also available in Spanish! Watch the intro topic from the Spanish version below for a preview..
