Does exactly what I need.

Great app. I love how it look the same on the app as it does online. I think it really makes it easier to keep things in order. I also like how easy it is to get around, no more

Disappointing

The mobile deposit option is gone and that is a huge disappointment. The app interface is also clunky and overly complicated. I'm considering going back to the big banks :(

Lost mobile deposits!

I used to love the old app. The new one says in the description that it does mobile deposits, but there is no option for it in the app. Bring it back please.
