LUSO

Elevate Your Boating Experience

The Lusso brings comfort and luxury to your on-water experience. High-end touches and feature-rich, you and your family will find everything you've ever wanted in a boat.

DNA

Each Barletta is Built with the Same DNA

Every Barletta is built with the same quality materials and attention to detail so that you can feel confident in whichever class you choose. We keep your on-water experience at the forefront of every build, that's why thoughtful features and solid construction run through our entire lineup.

Quality Construction

From the toons up, Barlettas are built with a strong frame and innovative features such as I beam crossmembers. The heavy-duty build ensures a safe and sturdy ride.

The Smoothest Ride

A smooth ride is a comfy ride. Each Barletta starts out with a frame built to glide through any type of water. Using vibration isolation pads, wave tammers, and heavy-duty nose cones, to name a few, your trip will be flawless.

Pet Friendly

Barletta boats are not only built with your comfort in mind, your furry friends are a top priority as well. Each boat is built with pet friendly amenities so that they can get the most enjoyment out of each boat ride.

Convenient Amenities

Convenience is a priority so that your days on the water are a breeze. Deploy the bimini with a push of the button or stow your table away when not in use. These standards are just a few highlights in the made-for-you design of a Barletta.

Versatile Floorplans

Don't let the floorplan selection fool you, Barletta maximizes the potential in each model by offering versatile furniture that allows you to lounge, be the ultimate co-captain, sit in all different directions and even fish like a champ. Each floorplan is multifunctional so that you get the most out of your pontoon boat.
