# The Sky

Kathleen Corrigan

The sun sets.  
Soon the sky will be dark.

**That's Amazing!**

You can sometimes see  
the moon in the daytime.

The moon can look big.  
The moon can look small.

The moon is in the sky.

The stars are in the sky.  
Stars look small.

Owls come out at night.

Owls fly at night.

The sky is dark.  
It is time to sleep.
