

M2-Series: Deluxe Instrumentation

When you're working, fast access to machine information is crucial. Deluxe Instrumentation puts key loader functions at your fingertips. It brings upgraded communication, monitoring, productivity and control to your loader. More importantly, the panel boosts your productivity and peace of mind all year long. Critical information is clearly visible on an ultra-sharp LCD panel and simple interface. Deluxe Instrumentation can provide information about machine performance in English, Spanish and five other languages.

Features & Benefits

Operation Data

Digital time clock, user job clock, statistics for overall job and individual operators, resettable hour meter, attachment controls help menu, and multiple password settings give you added convenience and more control over your machine.

Critical Diagnostics

The easy-to-read, backlit panel monitors 14 major loader functions and provides troubleshooting suggestions to help solve a potential problem, which helps maximize your uptime.

Password-Protected Keyless Start

Eliminate downtime due to lost keys. Remove the risk of spare keys in the pockets of current or former employees. Reduce the chance of theft or unauthorized use. You might even reduce your insurance premiums.

Functional Lockouts

Protect your investment from misuse or accidental use by locking out certain functions such as high-flow hydraulics and two-speed.

Attachment Operation

Use deluxe instrumentation to make adjustments to laser-guided attachments without stepping out of the cab. You can even monitor certain attachment functions on screen.

Maintenance Reminders

BobCarePM Maintenance Screen Reminds you when scheduled maintenance is due to ensure you maximize your performance.
