Safe-T-Cable Assembly (one cable with end fitting attached, no Ferrules)
Package of 50
.032 inch diameter
18 inch length Cable Assembly
Inconel 600

When considering the cable length, be sure to add the extra cable required to engage the tension mechanism in the application tool: Add 8 inches for a tool with a 3 inch nose, and 12 inches for a tool with a 7 inch nose.
