

Today, We Are SCA Health:

Our new brand represents the evolution of our business— all that we are today and all that we will become. It also represents our growth into many aspects of specialty care as we support physician specialists, care for even more patients and welcome new partners to our family of businesses. The new SCA Health logo symbolizes our momentum and our look ahead as we continue to transform the future specialty care across America.

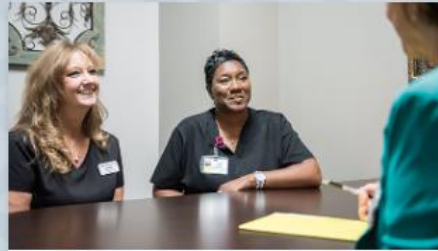

THE LEADING EXPERTS IN SPECIALTY CARE

/ Why physicians choose us

OUTPATIENT SURGERY MAGAZINE - 03/2022
SCA Health's Diversity, Inclusion and Belonging Leader, Lor Lee, Featured in Outpatient Surgery Magazine

There has been a significant increase in the number of organizations stepping into the diversity, inclusion and belonging (DIB) space in recent years. It's one thing for an organization to say they are committed to an issue and throw money in to help solve it, but what tools and resources are needed to achieve lasting and meaningful success?

OR MANAGER - 03/2022

OR Manager Story: SCA Health Leaders Share CV Safety Expertise

Among SCA Health's 260-plus facilities in the United States, at least 10% have added cardiovascular/peripheral vascular service capabilities. SCA Health experts anticipate more growth in this area.

Ezra Erb, vice president for clinical quality for SCA Health, joined Kami Dinkel, SCA Health's director of operations and Marty Taglauer, director of clinical quality, CV programs, to discuss the following safety basics in ASC cardiovascular (CV) service lines.
