Misleading to have this in the free section in the app store. The only way to use this app for free is with a 3 day trial where you automatically get billed an insane amount after the trial. Seems like one of those shady apps that are hoping you forget about your free trial so they can bill you a lot of money every WEEK. Dog lovers, you've been warned.

Hi Boris! Sad to hear that you feel this way, but please note that we do not force you to pay for Woofz – you can use it for free after closing the subscription banner. If you experience any trouble with that, please drop us a line at support@harmonybit.com.

Nope. Not free. Stuck in a loop to put in my credit card info. Haven't even been able to trial the app. Also \$9.99 for a week? Delete.

Good app but the pricing really needs to be sorted, £7.99 a week where you pay that for Doggo a month, it's ashame as i think this app is a good alternative to Doggo but the price simply is not worth it as there are good alternatives out there that are cheaper.
