## Modular Floor Tiles

Paying a third-party professional contractor to come install flooring is an expensive and unnecessary cost. Rubber-Cal has a solution that can save you from the added expenses of a handyman by offering modular floor tiles as an easily installed alternative. Our line of easy to install rubber interlocking mats provides the resilience and floor protection necessary for both residential and commercial applications while still offering high levels of comfort. Whether you want to use puzzle mats or interlocking tiles with pins, our modular floor tiles can provide the ideal solution. Best of all, this kind of temporary flooring make for the perfect Do-It-Yourself project that can be moved and re-used as your needs change.
