READ MORE ABOUT US

Our Think Ahead philosophy is our commitment to serve our customers and communities as a partner for the long term. We operate in accordance with our Think Ahead philosophy and constantly evaluate our goals to invest in, improve, and ensure industry-leading safety and quality practices.

Our goal is to operate as active members of the communities we serve, bringing our inclusive and collaborative culture of excellence to everything we do. This also means that safety and quality come first for our customers, our colleagues, and the communities where we live and work. We all have a personal responsibility to THINK AHEAD and keep ourselves and others safe, at work and at home. We do things the right way, every day, to ensure the electric and gas infrastructure we build is safe and reliable for the homes and businesses that depend on it.
