

## About Us

In 1948 Fox Appliance Parts was founded in Columbus, Georgia by W.D. "Bill" Fox, Sr. Under his leadership the company grew and operations were opened throughout Georgia.

In 1970 Fox Appliance Parts of Atlanta opened in a small downtown location on Northside Drive. Bill's nephew, Pat Fox agreed to move his young family to the big city to manage and lead the new venture. Due to Pat's vision, dedication to excellence and the hard work of our team, Fox Atlanta has grown to be one of the top appliance parts distributors in the country.
