

## A Better Infusion Experience

Enjoy the privacy of personal suites.  
Infuse in comfort. Experience what it's  
like to work with patient obsessed  
providers.

# Welcome to PURE Infusion Suites!

PURE Infusion Suites is an outpatient medical office that provides infusion and injection services in a private suite setting. We've set out to change the infusion experience for patients by letting them forego the waiting rooms and experience the check in process from their own private suite. This means no more busy hospital waiting rooms or crowded infusion centers. Find out what it's like to experience treatment where providers obsess over how to better serve each patient.

## Flexible Services and Financial Assistance

Aside from our state-of-the-art infusion suites with all the amenities, we strive to make the patient experience second to none. Did you know there are financial assistance programs out there to help patients get all of their out-of-pocket costs covered? Even if you spent the money earlier in the year! There is a limited time to recoup those costs and one of our patient assistance coordinators will help you get those dollars back today. We also have the ability to get you on a schedule that works for you. Don't miss another appointment because of scheduling issues! There has never been a better time to be a patient at PURE.

## World Class Staff and Market Coverage

Our staff has been carefully selected as some of the best providers in the industry. Our internal hiring criteria makes sure PURE attracts, not only the best talent, but the most emotionally intelligent providers in the country. Our goal is to exceed the patients expectations with every visit. Please let our experts go to battle with you whenever help is needed. That includes questions about: insurance, financial assistance programs, scheduling, and anything else you need clarification on. We are here to serve!

What an amazing place! Their suites are beautifully furnished and so comfortable. Because they make you feel like family, you relax and are at ease. Beverages and snacks are provided to enjoy while watching tv or reading or playing games on your phone. Whatever you decide to do, the experience is a pleasant way to spend some time for yourself.

Oh, I forgot, I was there for an infusion. 😊

Phyllis B.

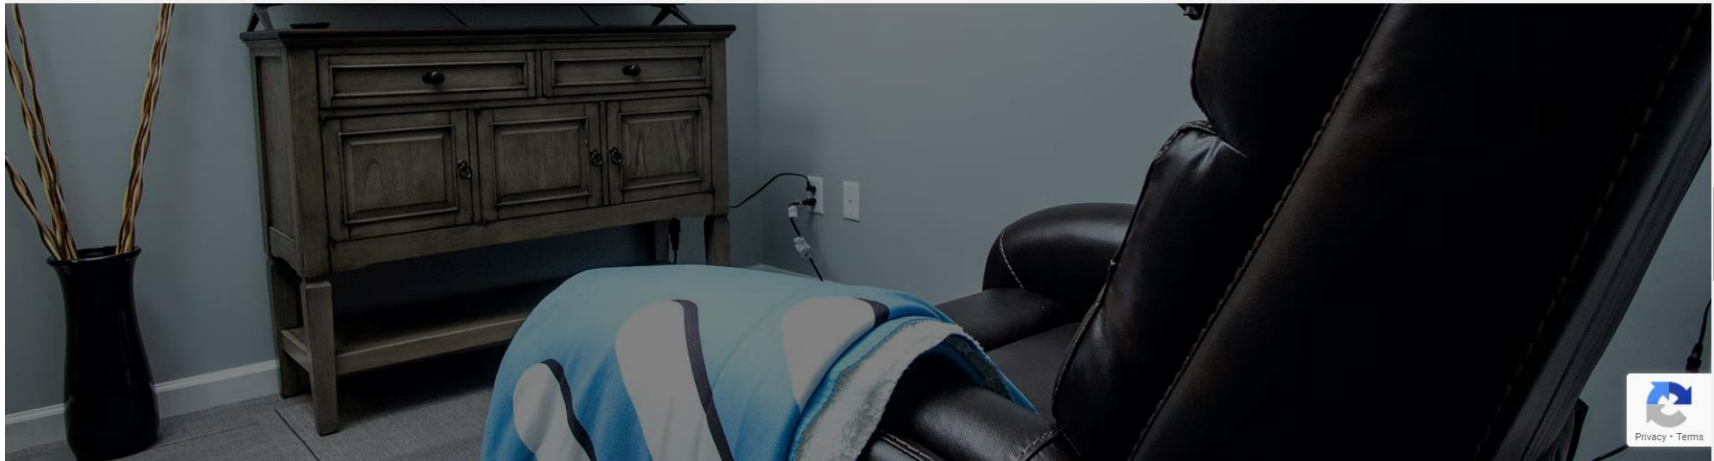

Pure Infusion Suites has infusion centers operating or under construction in Arizona, Colorado, Florida, Georgia, Idaho, Washington, Oregon, Nevada, and

If you're currently receiving infusion or injection therapies in any of the above areas, now is the time to start moving your services to PURE. Get your therapy in a private, comfortable, quiet suite - away from the cold and clinical setting of the hospital or doctor's office.
