t:simulator™ App 12+

Tandem Diabetes Care Inc.

★★★★★ 3.5 • 96 Ratings

Free

Screenshots iPhone iPad

The t:simulator™ App is an easy way to explore the simple touchscreen interface of the t:slim X2™ Insulin Pump from Tandem Diabetes Care, no prescription or insurance verification required! Whether you're a person living with diabetes, a relative or caregiver, or a healthcare provider, we make it simple to explore the t:slim X2 Pump's features on your mobile device.

THIS APPLICATION IS FOR DEMONSTRATION PURPOSES ONLY. IT SHOULD NOT BE USED FOR THERAPY DECISIONS.

Features:

- Explore and simulate Control-IQ™ technology and Basal-IQ™ predictive low glucose suspend technology
- Simulate bolus calculations and delivery (standard, quick and extended)
- Create and name up to six different Personal Profiles with customized basal rates, carb ratios, correction factors, and target glucose levels
- Experiment with pump settings
- Use optional "Tool Tips" to walk you through key features and menu items
- See how the Tandem Device Updater allows your pump to stay updated with the latest approved features
- View sample t:connect® Diabetes Management Application reports
- Access forms to check your insurance benefits
- Quick access to Technical Specifications, Glossary, and Important Safety Information
- Contact a Tandem Diabetes Care representative directly from within the app
- Share the t:simulator App with friends and family via social media or email

Due to the variety of sizes of compatible devices, the t:simulator App may not display the pump at actual size. Actual size is 2" x 3.13". Please refer to the Technical Specifications in the Resources section of the app for more detailed information.

What's New

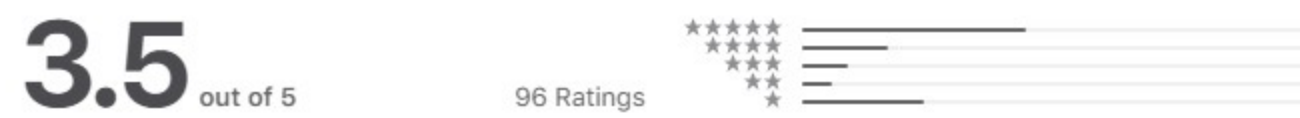

[Version History](#)

Explore and simulate Control-IQ® technology and Basal-IQ™ technology. New t:connect mobile information on how to bolus from your smartphone.

Version 6.5.0
