Caring Clean

When you come to Wisp Resort, you are here to enjoy yourself and to relax, refresh, and rejuvenate. One key to relaxing is being comfortable and confident knowing your accommodations have been thoroughly and professionally cleaned and prepped for your stay.

As part of Wisp Resort's mission to maintain a safer, more comfortable environment for our guests and staff, we have instituted our **Caring Clean** practices throughout the resort. **Caring Clean** procedures and standards go beyond the general cleaning practices typically established for the industry. In addition to the obvious health benefits, a key reason we have adopted the **Caring Clean** protocols is so you can have the peace of mind that will allow you to get the most out of your time here.
