Prerequisites	Successful completion of all third-year core clerkships
Description:	The Ambulatory Internal Medicine elective provides a full-time clinical learning experience at the AMG Internal Medicine Residency Program faculty practice. The site is a busy, community clinic that is also the continuity practice for Overlook Medical Center's internal medicine residents. It serves an ethnically diverse group of patients with a broad range of medical conditions. Highly trained faculty physicians and excellent support personnel manage the practice.
Learning Experience:	<p>Students will:</p> <ul style="list-style-type: none"> ■ See a panel of patients, under the direct supervision of attending physicians ■ Participate in and contribute to a variety of didactic experiences, including a weekly Wednesday morning lecture series ■ Gain experience in the evaluation and management of many common outpatient problems in internal medicine, with a special emphasis on preventive medicine and screening
