Thank you for sharing your experience, Kurt! Home Partners helps people get into a quality home without a mortgage. We give residents the time and transparency to buy when the time is right

# Kurt S.

RESIDENT IN CHICAGO, IL

Our experience was smooth and easy and we would recommend Home Partners. Our financial situation would not allow us to get a mortgage at the time, but using Home Partners allowed us to get into the house we liked, and we hope to purchase it at the end of the first year's lease.

Our approach to real estate is in the spotlight! Nicole Konkel, Vice President of Property Management, explains how Home Partners takes the stress away from the home buying process.

Our team works directly with real estate agents to close the deal. When residents are ready to buy, purchase prices are locked-in. They know what to pay and don't need to worry about competing against other offers.

Subject to qualification, terms apply.

## About us

Home Partners of America is committed to making homeownership a reality for more people. The program provides a clear path to homeownership. Our process is easy, transparent, and built on a foundation of choice and flexibility. Home Partners is helping more people get into great homes, in neighborhoods they love, with the opportunity to build a more secure financial future.

### The Challenge

Many people want the benefits of living in a single family home. However, whether they're a first-time homebuyer who's cautious about making such a large financial investment, someone who has recently relocated and is unsure of which neighborhood to live in, or someone who is creditworthy but cannot currently obtain a mortgage, they hope to one day buy a home but aren't ready now.

### Home Partners Solution

Home Partners provides the opportunity for people to move into a great home and community today that otherwise may not be available in the rental market.

### How It Works

Qualified prospective residents work with licensed real estate agents of their choosing to select the right home for them. They can choose from a wide variety of properties in communities that Home Partners serves that fit their budget and meet Home Partners' investment criteria.

Home Partners works to get potential homeowners on A New Path to Homeownership®- by purchasing the home of their choice and delivering an attractive lease structure with the right to purchase the home in the future.

### Why It Works

Home Partners' approach provides meaningful benefits for prospective homeowners, the communities it serves, and the real estate community.
