I'm in LOVE 😍 (and husky hair ok)

I cannot express enough how much I love this sofa. I wasn't sure what to expect ordering online and I read every review twice (almost 500!) trying to see if anyone mentioned husky hair on this fabric and could not find one mentioned. Since this charcoal color was newer I couldn't find a review on that fabric it yet. The ones mentioning pet hair wer...Read More

I love this furniture.

I ordered two armchairs (plus one ottoman) and they look amazing. I ordered the sofa and it's so comfy. I fall asleep all the time on it. I always get compliments on how they look and feel! Can't recommend enough.

Obsessed!

I stalked this chair for months before I finally ordered it. When I finally got it, I was over the moon. It ties my space together perfectly.

Works perfectly in the space

I am using the chair in a guest room and it's such a comfortable place for me to sit and chat with my guests, or for them to read a book before going to bed. It asks the perfect layering of texture and color to the neutral palette of the room. I've gotten so many compliments!
