— THE TRAHANS

COVID-19 Update

Dorian Bahr is taking every precaution to protect our clients and homeowners* from COVID-19. Dorian Bahr provides mask for our employees and we provide communication access via ZOOM. Dorian Development, LLC (our construction division) takes the onsite experience very seriously by having our sub-contractors, disciplines and trades wear protective mask and maintain a clean overall hygiene. Our onsite teams are supplied with mask, footies, gloves and sanitizers. We've increased our day-to-day spot cleans and we replace preparation & construction materials more regularly (such as paper & plastic).

Who is DorianBahr?

Founded in 1994, the DorianBahr brand quickly became a well-known name in the world of textiles. It was this success that helped jumpstart our expansion into Interior Design Services. Today, the brand consists of our own line of textiles which can be found around the world, showrooms where some of our favorite interior products from tile to light fixtures can be found, a successful interior design company and a design-build firm. DorianBahr is your turnkey solution for all things interior design. When you work with us, you are working with a team that has a rich work history of delivering amazing results.
