Clean Beauty Formulations

UM Skincare
Founded Business in 2020

My Story:

I am the founder of UM ("Ultra Moisturizing") Skincare, Inc. an international organic skincare company. I have spent two years in order to obtain a diploma in Natural & Organic Skincare Formulation from The School of Natural Skincare International, London, England.

UM Skincare is an online cosmetic company. We formulate and make effective, safe, compliant, natural, organic, green and clean beauty products.

My love of Chemistry started when I was in high school and studied CHEM 1A (Chemistry). There was this beautiful Korean girl in my class (I fell in love with her) always copying my Chemistry homework. She was my "first love" and I was too afraid to tell her and or even let her know about my true feelings. I call it my True Love.

My feelings expressed in the study of Chemistry. I remembered my Chem 1A teacher barely gave good grades. His name was Mr. Parson who went to U.C. Berkely, California in order to get his degree. He wouldn't give anyone A's, except me.

I studied day and night, and after lots of studying, got the highest scores in the class during mid-term exams and finals. I did it just to impress my "Secret Love". She was definitely impressed and I had some of the happiest times of my life helping her with the homework after school.

Chemistry is my dream, the periodic table and its foundation are my love. I have recently developed a new product to launch in the near future. I have also contracted a cosmetic skincare private label manufacturer to produce other anti-aging products. Our mission is to...

“Bringing the best of UM to everyone we touch and creating the best in ultra moisturizing ('UM') for the skin of everyone.”

About UM Skincare

Our mission is to "Bringing the best of UM to everyone we touch and creating the best in ultra moisturizing ('UM') for the skin of everyone.
