

## Fortress Tri-Platform Mounts

[Back to Monopole Mounts](#)

### Monopole Platforms - Fortress Tri-Platform Mount

- The Fortress™ Tri-Platform is the strongest monopole platform we have ever built
- It's robust design eliminates need for a second ring mount and reinforcement kit
- The revolutionary new truss design makes the Fortress™ Tri-Platform 3 times stronger than ordinary platform mounts while maintaining a low EPA
- Innovative hinged grating sections allow easy access to walkway
- Flush walkway and the lack of sharp edges make this platform safe for climbers
- Welded design requires minimal hardware
- All hardware is 5/8" to further simplify assembly
- Kits include hardware to mount up to (12) 2-3/8" or 2-7/8" Antenna Mounting Pipes (order separately in hardware section)
