Here's What **BOLD** Leaders Have to Say

"During the **BOLD** program I knew something special was going on. There was so much excitement among all the participants about the value they were getting from it. I can't remember anything in the history of Amy's in a training program that had this kind of impact."

—Andy Berliner, Founder & CEO of Amy's Kitchen

Raegan Morris
Vice President
Capital One

"We recently conducted the **BOLD** women's leadership program. The women who participated built relationships that will last throughout their time at our company and hopefully beyond. We saw behavior changes in them and just as importantly, their leaders. The program also helped us as a company better support the professional growth of our women leaders. I am very pleased with the program and would happily recommend it to others"

—CHRO, Retail
