Get started with Proton Mail

Get end-to-end encrypted email that's private by default. Download the Proton Mail app for your device, or download the Bridge app to use Proton with your existing mail client.

Web app

Use the Proton Mail web app directly from your web browser. Access an easy-to-use email app that's private by default.

[Web login](#)

iOS app

Download the Proton Mail app for iOS to get secure access to your encrypted email from your iPhone or iPad devices.

Android app

Download the Proton Mail app for Android to keep your email private and accessible on your Android device. If you cannot or don't want to use the Google Play Store, you can [download the app \(APK\) directly here](#).

Bridge for Proton Mail

FOR PAID ACCOUNTS

Download the Bridge app to use your encrypted Proton Mail account with your favorite email client, such as Microsoft Outlook, Mozilla Thunderbird, or Apple Mail.
