All Immigrants Deserve Access to Legal Representation

Terra Firma aims to ensure that its clients receive the legal representation they deserve. In the past decade, Terra Firma has collaborated with Catholic Charities of New York and New York Legal Assistance Group to provide legal services to unaccompanied immigrant children and families seeking asylum. Additionally, Terra Firma relies on the entire network of pro bono immigration attorneys in the New York City area to broaden access to legal services. While our aim is to ensure representation for all clients, we are bound by the constraints of the legal community's capacity.
