

Unrivaled Air - Anywhere

Navigate unrivaled air - anywhere. The 6 ft AirRival delivers effortless airflow conveniently and calmly to you and your peeps. Just plug it in, and simply ENJOY!

Features

Integrated gear motor

Plugs into standard outlet (110-120 V)

6 clearcoat anodized airfoil blades

4" durable swivel casters and easy grip handles

Analog controller

Slim, sturdy steel cage and frame

Benefits

Durability and reliability in harsh conditions

Quick and simple set-up

Indoor/outdoor use

Easy maneuverability

Easily control variable speed and direction

Fits through standard door frame

MacroAir AirRival

Navigate unrivaled air - anywhere. The 6 ft AirRival delivers effortless airflow - conveniently and calmly, just plug it in, and simply enjoy. Boasting powerful anodized aluminum blades and a 3/8 horsepower gear motor, this fan delivers impressive air movent directly where you want it when you want it. The AirRival's powder-coated cage and robust frame allow you to easily transport this fan with confidence, while its sturdy casters and gripped handles make it surprisingly easy to maneuver. Perfect for sporting events, hard-to-reach dead spots in your current HVAC system, or just wheeled around the shop with you, it brings maximum comfort wherever it rolls.

- 3/8 HP AC induction industrial gearmotor
- Clearcoat anodized aluminium blades
- Forward, reverse, variable speed
- 10 ft input power cable with pre-wired 110-120V plug
- OSHA Compliant Cage
- ETL/Intertek Listing Pending
- Designed to fit inside most enclosed trailers for even further mobility
