entertain within each entity of E3 Association. Each of our brands offers the tools to help discover, create, improve your experience.

---

Our E3 Association exists to maximize human potential and accelerate human achievement. We empower people to achieve a higher quality of training, skills preparedness and fun life than they could without us.

As a company, we are on a quest to explore the outer reaches of human potential. We see ourselves as developers, trainers, researchers and explorers. We search out best practices in every discipline of each brand, personally and professionally and deliver this content through levels of membership. If there is a new or better way of doing anything, we want to know about it. We go to the cutting edge and bring back the best information to share with each other and the world. Each brand supports a charity donating a percentage of every membership to a veterans organization.

## Our *CORE* Values

### Core Value 1

We apply our discoveries to our own lives first, because we know our success as a company begins with us as individuals. Our brand development is a way of life for each and every one of us. We are committed to emanate success, confidence and competency. Our

### Core Value 2

We are a team of industry leaders forever committed to setting the standards in creating an empowered, educated, entertained membership.

We do that by focusing on results-based solutions, honest and practical education,

### Core Value 3

We care deeply about the safety, confidence, abilities, and outcomes of our members. We want them to get the highest quality education, while personally growing in their own journey. Therefore, we have deployed educational PhD's, extreme

primary mission is to create the best strategically engineered lives we can and to inspire others around us to do the same.

Our entire company culture is one of development. We believe in it. We study it. We share it. We're surrounded by it. We promote it. We live it.
