

Always on time with Aidia

Aidia takes the hassle out of taking medication. For thousands of people living with chronic conditions, it's a revolutionary way to get on track and stay on schedule.

A simple system with a big heart

That's because it's entirely focused on you, and your medication needs.

It begins with the Aidia Smart Bottle that automatically reminds you when it's time to take your next dose. But the magic is in the real-time support and connection to care—when you need it.

Take the guesswork out of taking medication each day

Spending less time focused on remembering your medication schedule means more freedom to enjoy what matters most in your life.

How our revolutionary system works:

Helpful reminders

The Aidia Smart Devices light and chime to gently alert you when it's time for your next dose.

Reassuring backup

Personalized reminder and feedback messages delivered by phone or text (*your choice*) to alert you if you are late taking a dose.

Friendly support

Text or call Aidia Support to change any of your settings or dose schedule.

Coordination with pharmacy & care teams

Timely assistance with refills, health issues, and other services that may be available to you.

Tap the  to see just how the Aidia Smart Bottle takes the worry out of taking medicine.

I never thought I would need the bottle, but Aidia gives me a sense of security.

– Aidia user from Maryland

Ready to go, right out of the box

Zero Setup

Your Aidia Smart Device arrives charged and pre-set to your dose schedule.

Easy to Use

Take your medication as usual and Aidia does the rest.

No Cost to You

Patients pay nothing.

Safe & confidential

We've taken the necessary steps to keep your private information - private. Aidia is HIPAA compliant and meets other regulatory standards, while operating on state-of-the-art, secure servers.

A common problem

Managing your medication can be challenging, but Aidia offers you peace of mind in the palm of your hand.

We've all done it: missed taking medicine at the correct time. Whether it's due to losing track of time or another issue, it's so common that 50% of us regularly miss doses.

Medicine cannot work the way it's supposed to, if we don't take it the way it's prescribed.

Simple and seamless

Aidia fits into your lifestyle without any additional effort, so you can **focus on planning your day—not your medicine.**

I take multiple medications throughout the day and Aidia helps me, especially on the weekend when they're easy to forget.

– Aidia user from Illinois
