KEY INGREDIENT

AVOCADO OIL

3% AVOCADO OIL

Avocado oil contains a high percentage of Vitamin E and many other good nutrients that help to nourish and moisturize skin. Containing Oleic Acid, it also promotes collagen production, which helps the skin cells renew and repair themselves. This accelerates the healing process with issues such as sunburns.

KEY INGREDIENT

HYALURONIC ACID

HYDRATES

A sugar molecule that occurs naturally in skin to help bind water to collagen, trapping it within the skin so that it will appear plumper, dewier, and hydrated. Our super smooth formula feels and looks elegant on your skin. You'll see results instantly after use. Your skin will boast a brighter, refreshed, and more youthful glow.

Obsessed, this stuff beautifully locks in my skincare and makes my tinted sunscreen sit beautifully. The glass packaging is gorgeous but I wish I could buy refill tubs for it.
