Providing liquidity and superior execution services in distressed and special situation markets worldwide.

Fulcrum is a boutique investment firm specializing in the trading and analysis of distressed and special situation investment opportunities. Fulcrum focuses on legally intensive or litigation driven investments. Fulcrum combines proprietary capital with an established sales, trading and advisory business to provide robust market liquidity on a worldwide basis.

We are a top-tier institution in the secondary market for distressed claims, litigation and other illiquid debt, having closed nearly \$35 billion in trades since inception. As specialists in illiquid and distressed instruments and litigation, we regularly provide creative and bespoke solutions to our counterparties. Due to the firm's extensive network we have the ability to participate in special situations regardless of size, complexity or geographic scope.
