OUR TAKE: THE TERN QUICK HAUL

Simply capable is the perfect phrase for the Quick Haul because it's a built-to-last compact e-bike that's ready to tackle your daily grind. Think of it as the multitool of e-bikes: small and unassuming enough to be your daily go-to, yet capable of handling big jobs with finesse.

ABOUT THIS BIKE

QUICK HAUL FEATURES

CARRY IT ALL

The rear rack easily carries a kid and cargo with a weight limit rating of up to 110lbs. Add an optional front rack for an additional 44lbs of cargo.
