Patient-Centered Technical Solutions

COVID-19  Patient-Centered Technical Solut... 

## Customized Solutions

We will work with your medical team to customize and tailor our technical solutions to support your testing strategy.

## ATLAS - Web-Based Laboratory Ordering and Results Platform

A secure, high performance, patient-centric platform, that enables providers to order and receive results online.

Easy-to-use, HIPAA-compliant, and secured through SSL encryption protection.

Installed and maintained by Sonic Healthcare USA support staff.

**PATIENT ACCESS SOLUTIONS**  
**Sonic MyAccess™ is a web-based platform and HIPAA-compliant solution for your patients to access and understand their lab results.**

The online application allows patients to safely and simply view their test results while providing additional access to supplemental resources such as interactive graphs and educational content.

## ONLINE APPOINTMENT SCHEDULING FOR LAB SERVICES

Our appointment scheduling system provides a convenient way for patients to book appointments at our Patient Service Centers from their computer,

## EMR/EHR INTERFACE

Our systems have significant interface capability with any EMR or EHR system for laboratory orders and patient results. Interfaces are designed to use standard HL7 or custom/proprietary formats, required to integrate with any system.

## DATA REPORTING

We comply with all federal and state reporting requirements.

We report in real time to the Centers for Disease Control and Prevention (CDC).
