Scouting Requests

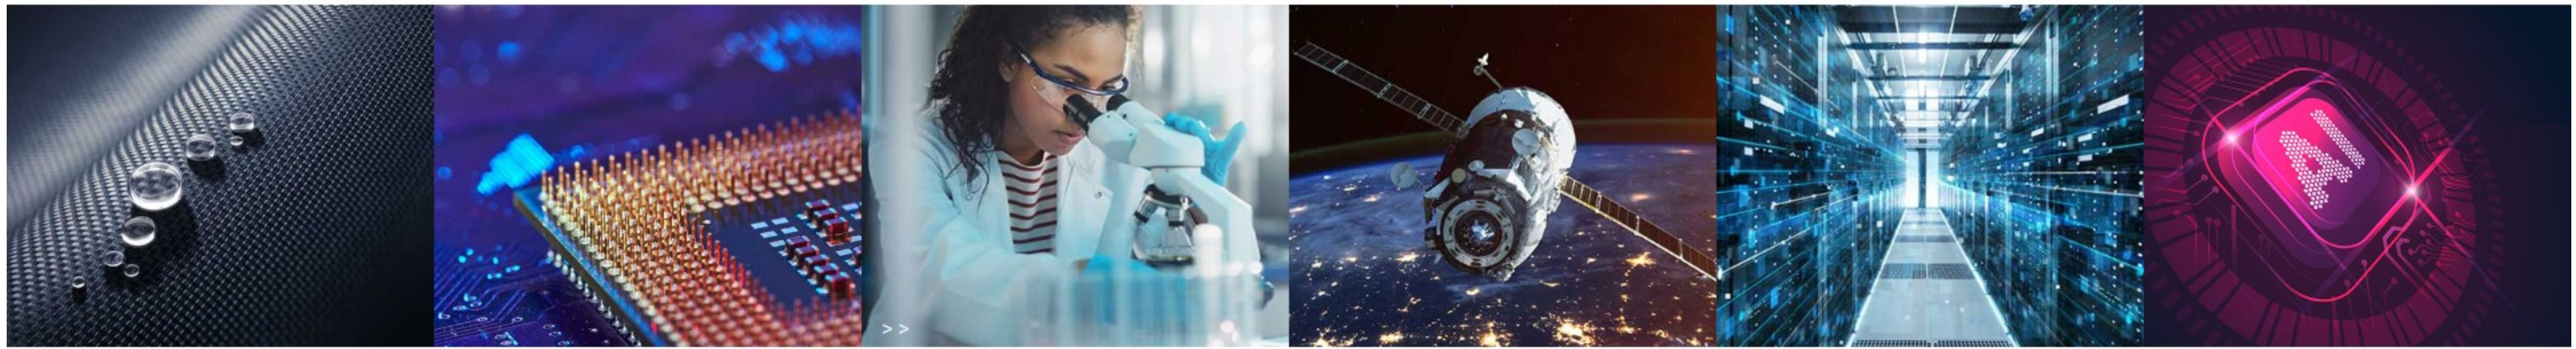

### Accelerating National Innovation

National Technology Alliance (NTA) is the leading innovation-focused membership organization providing an inclusive ecosystem and sustainable infrastructure to support the success of our country's diverse innovators.

NTA aligns with U.S. national interests, including initiatives from the National Science & Technology Council, National Defense Strategy, USD(R&E) Technology Vision for an Era of Competition, NSF Technology, Innovation & Partnerships (TIP) Directorate, and recent Academy of Sciences recommendations.

### Focus Sectors Include:

- Energy & Sustainability
- Biotech & Medical
- Microelectronics
- Advanced Materials
- Advanced Manufacturing
- Advanced Communications
- Aerospace & Defense
- AI & Digital Transformation

### Join NTA

Partnered with over \$50 Billion of federal contracting authority and industry scouting requests; gain access to consolidated commercialization and funding opportunities available only through NTA. Membership is currently free for all qualified applicants.

[Apply Today!](#)

### Who Should Join:

- Academic/Industry S&T Developers
- National/Federal Labs
- Technology Transfer Officers
- Startups & Entrepreneurs
- Incubator & Accelerator Cohorts
- PIA & OTA Portfolio Members

### Catalyst Partners\*

\* Current Catalyst Partners referenced through NTA's recent scouting and event partnership programs with TechConnect (a division of ATI).
