Judge Gomolinski, (Ret.) has over 37 years of combined legal experience and an impressive track record of resolving even the most difficult and complex cases.

Judge Gomolinski boasts a distinguished career marked by settlements exceeding \$1.4 billion, a testament to his extensive experience and expertise. His reputation for exceptional patience and unwavering attention to detail and legal knowledge has established him as the quintessential neutral, revered for his fair and unbiased approach to dispute resolution.

“I never use a cookie cutter approach to mediation. Every good mediator must be a chameleon and change methods based upon facts, circumstances, insurance, parties and other motivating factors. As a neutral, my goal is reaching an acceptable and palatable risk-reward point that results in an ultimate agreement between the parties using my legal knowledge and the unique facts of every case. If a mediator gives up during a mediation, get a new mediator! I will never give up on attempting to settle your case.”
