WE ARE NOT GOING ANYWHERE ENOUGH IS ENOUGH

ADVOCATE.

LEGISLATIVE ACCOMPLISHMENTS

We work hard to accelerate systemic changes by identifying gaps or antiquated laws that most negatively impact the lives of women and kids. Together with our statewide partners and through the leadership efforts of many volunteers, we have drafted, lobbied for, and passed nine bills that have had an immediate and significant impact on the lives of thousands of Tennesseans.

Read more about the legislation we have passed each year below:

- 2014 Survivor's Safety Bill
 - 2015 Update to the Strangulation Law
Aggravated Prostitution Bill
 - 2016 CMV Awareness
Stalking Prevention
 - 2017 Domestic Violence Offender Notification
 - 2018 Child Sexual Abuse Prevention
Domestic Violence Offender Notification Update
 - 2021 Child Exploitation Bill

 - 2023 Advocate Confidentiality Bill

The image is a screenshot of a web browser displaying the website www.awaketn.org/educate. The browser's address bar shows the URL and the page title. The website's header features the "AWAKE" logo in large, bold, multi-colored letters. To the right of the logo is a navigation menu with links for "About", "Educate", "Advocate", "Get Involved", "Events", and "Resources". Further right are social media icons for Facebook, Instagram, LinkedIn, Twitter, and YouTube. A red-bordered "DONATE" button is positioned on the far right of the header.

The main content area of the page is dominated by a black and white photograph of a diverse group of students in a classroom. The students are smiling and making peace signs. In the background, a "WELCOME" sign is visible above a doorway. Below the photograph is a teal-colored banner with the text "I AM AN ADVOCATE" in white, bold, uppercase letters.

AWAKE strives to make change at the individual level through our *I Am an Advocate* educational program. We use an evidence-based curriculum to equip youth with the tools to be advocates for themselves and change-makers in their communities. The curriculum aims to support participants in the development of interpersonal and self-care skills, sociopolitical consciousness, understandings of leadership, and communication and action planning skills essential to advocacy work. This education focusing on self-advocacy and community action is transformative by prioritizing a segment of the population – young people – who have historically been underestimated for their ability to lead movements and create change. We tailor our programming to the goals of partner organizations which has allowed us to serve hundreds of women and students across Nashville.

We are eager to expand our services statewide. If you are interested in partnering with AWAKE to bring our customizable *I Am an Advocate* education to your communities, fill out the form below!
