## About us

### Our Vision

All young people learn in ways that enable them to thrive in and transform the world.

### Our Mission

Transcend supports communities to create and spread extraordinary, equitable learning environments.

### What We Believe

The world is changing, as are the needs of learners. It's more complex, more interconnected, more technological. To thrive, our children need more than academic skills – they need leadership, self-awareness, creativity, empathy, collaboration, entrepreneurship, critical consciousness, and more. All children deserve this opportunity.

The time is now for innovation. The traditional design of K-12 public schools has served important purposes over time. However, the world's changing conditions and students' evolving needs call for wholly new conceptions of what we call "school."

### Our Role

Transcend, founded by Jeff Wetzler and Aylon Samouha, plays a key partnership role to fuel and grow R&D capacity. Given day-to-day demands of school, visionary educators are often held
