“Works great on my daughters hair. Used this on my 5 year old whom was born with curly hair. It revived her curls and left it looks silky and smooth. The smell is good too which is a plus. It's very gentle and would recommend to everyone”

My hair has never looked better

I used all three of the products in the travel kit after washing my hair in the shower, and my curls have never looked better. The curls also lasted for three days which is more than what my products from Sephora were doing. I am so happy I purchased this
