From the brand

Our story

We got our start in 2015, we started selling CHOMPS to the Keto, Paleo, Keto and Whole30 crowds on our website and Amazon. We grew organically by building authentic relationships with customers. Our reach expanded with distribution in stores like Trader Joe's, Safeway, Albertsons, 7-Eleven and others.

What makes our product unique
 CHOMPS are made with 100% Grass Fed & Grass Finished or Free-Range, Antibiotic-Free proteins and a handful of ingredients including this 100% natural spices. They taste AMAZING and have the texture that no other meat snack brand has. Keto friendly, Whole30, Non-GMO, Gluten Free, and Paleo.

Why we love what we do
 We have families of our own and we know how difficult and confusing it can be to find healthy snack options. There is no better feeling than when our customers all around the country tell us that our products have made their lives easier in some way. That's truly what keeps us going!

Product Description

When it comes to healthy snacks, it's hard to beat jerky - but only if it's made right. It's important to remember that not all jerky is created equal. There are plenty of popular brands out there that are loaded with questionable ingredients, many of which cancel out any nutritional benefits. Here at Chomps, we do things differently. By going back to basics, we cook up high-quality jerky snacks that you can enjoy anytime, guilt-free. We start with only a few ingredients, such as 100% Free Range Turkey and a handful of natural spices. We blend them together to create flavor. Jerky snacks that feature the natural flavors of sustainably sourced meats. Each and every one of Chomps' products are filled with big protein, more than most typical jerky snacks. They're also made with no added sugars and no gluten, making them perfect Paleo snacks. Our snack sticks have no MSG or soybean, and no added preservatives. Because we use only jerky to make our jerky (not beef), you won't worry about antibiotic-resistance ingredients that could put your health at risk. Additionally, our jerky sticks have been told that most of them made by other manufacturers. All of this means that our jerky is as natural as a gift if you're looking for a solid case on-the-go snack that's packed with both protein and flavor. Jump into Chomps!
